Croup can always be prevented by giving Chamberlain's Cough Remedy as soon as the child becomes hoarse. It is pleasant and safe to take and perfectly reliable. Price, 50 cents per bottle. For sale by G. C. Thaxter.

**How Can Parents** allow their children to cough and strain and cough and coldly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by **BEGGS' CHERRY COUGH SYRUP**? It has no superior and few equals. **W. H. Chedie, Druggist.**

**What on Earth** is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as **BEGGS' BLOOD PURIFIER & BLOOD MAKER**, and every bottle that does not do its work, will cost you nothing. **W. H. Chedie, Druggist.**

**THE LALIES' LAUNDRYING MACHINE.**—Patented in the United States and Canada. Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cal., druggist, "a Chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranteed that it would cure him. He came in again last night, and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: 'Medicine velly fine, velly fine; atly same make me feel plenty good.'" Chamberlain's Pain Balm is without an equal for sprains, rheumatism, aches, pains or lame back. For sale by G. C. Thaxter.

**Cough! and Cough!! and Cough!!!**

What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when **BEGGS' CHERRY COUGH SYRUP** will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. **W. H. Chedie, Druggist.**

## AN IMPORTANT DECISION.

**Do You Own Your Land or Not?**

The following dispatch from Washington will be of interest to a good many people in Nevada:

The opinion of the United States Supreme Court in the case of the United States vs. John D. Hall, was yesterday the subject of earnest discussion among the officials of the General Land Office. One of the points at issue was that Hall had made oath before a notary public. The Supreme Court decided that where an oath is required by a United States statute the oath can be administered only by an officer of the United States, hence a notary public being a State officer, cannot administer an oath to United States officials except the statutes specifically state the oath may be made before State officials. This opinion, it is believed, seriously affects status more than 100,000 in the mineral division of the Land Office. Deputy mineral surveyors have for years, it is said, sworn to the correctness of their statements before notary publics. During the last four years a large number of cases under the general land laws have been received for patent at the General Land Office, where final proof was not made before the officer designated by law for that purpose. Where no other error was found they have been allowed to go patent. This policy was first adopted Secretary Vilas. The opinion of the Supreme Court has created alarm, and a request for an interpretation of Section 2335 of the Revised Statutes has been sent to Assistant Attorney General Shields.

**HOYT'S HOTEL.**—Judging from the appearance of the audience at this house last evening, the drawing power of Hoyt's farces is undiminished. The house was literally packed to welcome the reappearance of the Bunch of Keys. The gallery was such as delights the actors, for there is to be found the test of a play. If the gallery is full and enthusiastic, the play is a success; and so on the same principle the Bunch of Keys is an unqualified success. James B. Mackie, who plays "Grimes," is fully equal to his predecessor, Canfield; and the ladies, who are all new, dress prettily and sing sweetly. As a whole the company is as good as any presenting the same play before. The Bunch of Keys is so well known that further mention is unnecessary.—San Francisco Bulletin.

The company will appear here on Friday evening, the 24th. Seats now on sale at Tobriner's.

**COME TO SEE McCULLOUGH.**—On Tuesday, Warden McCullough received some visitors from abroad, who will remain with him for several years.

Sheriff W. R. Bassett, of White Pine county, brought China Jack, a 60 year old Mongolian, to the State Prison, under sentence of one year and three months, for selling liquor to Indians. Another outrage on the State and its funds. Sheriff McCullough, of Storey county, brought W. C. Reddy, convicted of house breaking, and sentenced to two years imprisonment.

## NEVADA WEATHER.

**Especially Adapted to Astronomical Research.**

The following letter will seem to illustrate the absolute supremacy of the climate of Nevada over California and also shows how our astronomical observatory is regarded abroad:

EAST OAKLAND, May 17, '89.

Prof. Chas. W. Friend, Director Nevada State Weather Service; My DEAR SIR:—Please accept my thanks for the Monthly Weather Review which you have kindly sent me. I hear that your equatorial is now mounted and in use. In your high altitude and clear atmosphere, with the extremely favorable conditions that obtain in the way of good "seeing" you must have many enjoyable evenings in the way of star-gazing. At this place the weather as a rule has, since the middle of April, been simply vile; no one outside of the Lick Observatory has had a glimpse of Barnard's comet.

I may possibly be up your way during this summer and if so, I shall not hesitate to drop in on you and gaze through your "optic tube." I do not know whether you are aware of the immense interest that has been taken by the astronomical world in the observations taken by the California and Nevada parties, but you can lay "this flattering unction to your soul" that the presence of the astronomers in Nevada on the occasion of the recent Solar Eclipse was owing to the Nevada Weather Reports.

Very truly yours.

F. G. BLINN.

## SWINDLING SOAP GAME.

**The Robbery Licensed by the County.**

The Enterprise in commenting on the swindling games run by the camp followers of the circus says:

The APPEAL is wrong in saying that the "Soap" and the "Strap" games are not connected with the circus. The appearances are against them. Their existence can lend the circus no good name, and the circus would not permit them in their neighborhood if it did not pay. They would paste large placards (if they were honest and were deriving no benefit from the thieving games) on their tents warning the public of the character of the games played outside of the tent, and they would advertise them and explain the nature of the games in the newspapers. They do nothing of the kind, and they are *particeps criminis*, if not the actual criminals, paying the gamblers a regular salary.

The APPEAL was informed yesterday that the games alluded to had a license issued by the Sheriff of the county.

If this is true, it makes the county of Ormsby a partner in the swindle. The Commissioners should see that in future the county does not derive a revenue from such cheeky thievery.

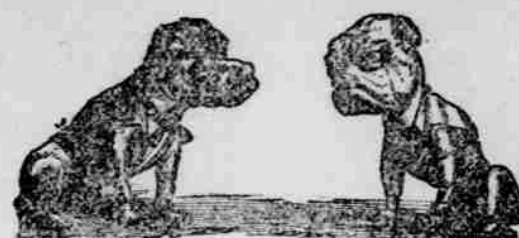

If the county is going into the business of licensing games of this description it might as well begin to issue permits to highwaymen to rob the mail stages whenever they can find them inside the county limits.

**NARROW ESCAPE.**—Last evening Mrs. Phil Doyle and niece were driving along Main street in a dog-cart, when the horse shied in front of El Barkley's and dashed at the Capitol square sidewalk. Both ladies were thrown under the horse's heels, but crawled out unhurt. The shafts were smashed, but no other damage was done. The ladies were much cooler than the spectators.

The Mutual Endowment Association of Oakland for which Oliver Roberts is agent in this section of the country seems to be taking the lead in the insurance line. Now is the time to join the club.

**EDITOR OF THE APPEAL:**—Please announce in the columns of your valuable paper that we are sole agents for St. Patrick's Pills, the most perfect cathartic and liver pills in the market. They not only physic, but cleanse the whole system; purify the blood and regulate the liver and bowels; they are vigorous but gentle in their action and can always be depended upon. For sale by G. C. Thaxter.
